HOBBIES

Watch video on youtube about coding, Ai and
Learn new Technologies.

Watch movie

Listening to music

ABOUT ME

I am a fourth-year Computer Engineering student at Thai Nguyen University of Technology in Vietnam. I am an enthusiastic programmer, constantly seeking opportunities to expand my knowledge and skills. I have a strong passion for programming and a genuine curiosity for new technologies. Thank you for considering my application, and I look forward to the opportunity to work together.

PROJECTS

+ Chat App

- Front end: use flutter with stateLess and stateFul build in flutter.
- Database: use firebase for storing the data , firebase cloud messenger for push notification and firebase authentication with google sign in.
- Link on Github: https://github.com/VengAnn/flutter_chat_with_firebase
